

***Heartiest Congratulations and best wishes
on the auspicious festival of Holi to Sadhaks of India & Abroad.***

It is believed that this festival unites the separated beings, rejoins the broken hearts, removes the internal & external dispenses and clears the mutual misunderstandings. This festival, being a pleasant occasion of renewed love & friendship, is celebrated with fun gaiety and reverence. These transient colours of Holi are symbolic of everlasting "SHREE RAM" RANG (Color).

These washable & removable colours every year remind us that ultimately, we have to make our lives purposeful and successful by colouring ourselves with the lasting, nonfading, irremovable permanent colour of "SHREE RAM" RANG (COLOUR).

JAI JAI RAM to everybody

"O Mother, paint me with YOUR COLOUR

O Mother, colour me with the COLOUR OF DEVOTION"
